[Translation.]

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon,
&c. &c. &c.

My Lord,

I have the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britannic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6

   Total Elevation, (7)..... 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.
3. The Arc of the Circle, Illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.
4. Bearing S. 15° E. from Pulo Caballo is the small Island of Fraile at 2½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.
5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

The small Island of Fraile,	S.	15°	E.
Point, Limbones,	South,

REMARKS.

All the foregoing bearings are true bearings, and the few Minutes of Easterly variation of the Needle that exist on this Coast, are very insignificant.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo es un islote muy escarpado y de corta estension, que dista del fanal de la Isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajo peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4°. órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de escentro la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1°. Elevacion del terreno sobre el nivel del mar en pies de Burgos, ... 444
   Elevacion del fanal sobre el terreno en su pedestal, ... 6

   Elevacion total, ... 450

2°. La fuerza de refulgencia de la luz de este faro solo es de 9 millas segun Mr. Lepaute.
3°. El arco de círculo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste dando frente al Sur, resultando por tanto que los buques llegarán á perder de vista á luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la inmediacion del fondeadero de la ciudad de Manila frente al rio.
4°. Al S. 15 E de Pulo Caballo está el islote Fraile á 2½ millas, y el fanal pequeño servirá tambien para promediar en noches oscuras tal distancia con seguridad.
5°. Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; pero es mejor promediarlo en resguardo de la mucha fuerza que suelen tener las corrientes de marea.

Legislative Enactments.

Draft Act.—(2.)

Fort William, Home Department, Legislative, The 12th August 1853.

THE following draft of a proposed Act was read in Council for the first time on the 12th August 1853:—

ACT No. OF 1853.

An Act to amend the law of Arrest on mesne process in Civil Actions in the Supreme Courts of Judicature, and to provide for the subsistence of destitute Prisoners confined under Civil process of any of the said Courts.

WHEREAS the present power of arrest in the Supreme Courts of Judicature at Fort William in Bengal, Fort St. George, and Bombay, ought to be restricted; It is hereby enacted as follows:—

I. No person shall be arrested or held to bail upon mesne process in any Civil action, on the Common Law side of any of the said Supreme Courts of Judicature, unless an order authorizing such arrest shall be made by the Court in which the action shall be brought, or by one of the Judges thereof; and it shall be in the discretion of the Court or Judge in any case to grant or refuse an order.

II. Provided that no such order shall be made unless the Court or Judge shall be satisfied by Affidavit of the plaintiff, or of some other person, that the plaintiff has a good cause of action against the defendant to the amount of Two hundred Rupees or upwards, either for debt or for damages, and in addition thereto, that there is probable cause for believing,—

1,—That the defendant has absconded or is concealing himself for the purpose of avoiding service of the process of the Court, or,—

2,—That he has withdrawn or is likely to withdraw himself or his property or effects, or some part thereof, from the jurisdiction of the Court for the purpose of avoiding the process of the Court, or under such other circumstances as to induce the Court or Judge to believe that the ends of justice are likely to be defeated unless a Capias or Warrant of Arrest be issued against him, or,—

3,—That he has removed, concealed or disposed of his property or effects, or some part thereof, for the purpose of defrauding his creditors generally or the plaintiff in the action, or that he is about to do so.

III. An order for arrest may be made, and a Capias or Warrant issued thereon, in any stage of the cause before final judgment, and against any one or more of several defendants.

IV. Previously to making any such order the Court or Judge may require the personal attendance of the plaintiff, and of any person who shall make an Affidavit for the purpose of obtaining such order, and may examine them orally upon Oath.

V. A copy of every Affidavit upon which any such order shall be founded shall be delivered to the Sheriff with the Writ or Warrant to be issued in pursuance of the order, and shall be delivered to the defendant at the time of his arrest or detention under the Writ, otherwise the Court or Judge may order the defendant to be discharged.

VI. No person shall be carried to or detained in prison by virtue of any Writ or Warrant issued in pursuance of any such order until he shall have been personally taken before the Court or Judge who shall have made the order for arrest, or before one of the Judges of the same Court, except for the purpose of detention, if necessary, for a reasonable time until he can be carried before such Court or Judge.

VII. Any person arrested or detained upon any such Writ of Capias or Warrant of Arrest, may apply to the Court or to a Judge thereof for a rule or order calling on the plaintiff to show cause why the person arrested should not be discharged out of custody, and

the Court or Judge may make absolute or discharge such rule or order, and direct the costs of the application to be paid by either party, or may make such other order therein as to the Court or Judge shall seem fit; provided that such rule or order shall be made absolute in every case in which the Court or Judge shall be satisfied that the plaintiff, in any stage of the cause subsequent to the arrest, has been guilty of unreasonable delay in pleading or in bringing on for trial or argument any issue of fact or law, notwithstanding the delay may not be such as to entitle the defendant to sign judgment of Non Pros., or to apply for judgment as in case of a nonsuit; and provided also that any order made by a Judge under this Act may be discharged or varied by the Court on application made thereto by either party dissatisfied with the order.

VIII. If any motion or application for the discharge of a defendant be made upon Affidavit, but not otherwise, the plaintiff may oppose the same by Affidavits in addition to that upon which the order for the arrest was made.

IX. The Court or Judge may order and compel the personal attendance at the hearing of any motion or summons of both or either of the parties, and also of any person who shall have made an affidavit in support of or in opposition to the motion, or which shall have been used upon the application for the order, and may examine such person or persons orally upon oath, or allow him or them to be examined and cross-examined upon oath by the respective parties or their Counsel; the Sheriff or Gaoler shall be bound to bring before the Court or Judge any prisoner detained in his custody on Civil process, whose attendance may be so ordered.

X. Every person now in custody upon mesne process issued out of any of the said Supreme Courts of Judicature, for any debt or demand, and who shall not have filed a petition to be discharged under the laws now in force for the relief of Insolvent Debtors in India, shall be entitled to his discharge at the expiration of one month from the time of the passing of this Act, upon entering a common appearance to the action: provided nevertheless, that every such prisoner shall be liable to be detained, or after such discharge to be again arrested by virtue of any writ of Capias or Warrant of Arrest issued in pursuance of any such special order as aforesaid at the suit of the plaintiff in the action or of any other plaintiff.

XI. *First.*—If it shall be made to appear to the satisfaction of any of the said Courts, or any Judge thereof, that any person detained in custody by virtue of any mesne process, or of any writ of execution or of any attachment for the non-payment of money, or in the nature of civil process issued out of such Court, is unable to maintain himself whilst in prison, it shall be lawful for the Court or any Judge thereof to order the person at whose suit the prisoner shall be detained in custody to deposit with the keeper of the prison a certain amount of money for the subsistence of the prisoner for the current month, and to continue to make a certain specified monthly deposit in advance at or before the commencement of every subsequent month for the subsistence of the prisoner, so long as he shall be detained in custody.

Second.—If the person ordered to make such deposit as aforesaid shall fail to make the same, the prisoner shall after such default be forthwith discharged out of custody; and such discharge shall be a sufficient authority for the plaintiff to cause a common appearance to be entered for the prisoner, in any case wherein an appearance is necessary to be entered.

Third.—The amount of deposit shall be fixed by the Court or Judge at the time of making such order, subject to future revision from time to time, on sufficient grounds being shown. The rate of such deposit shall not exceed four annas nor be less than one anna a day, unless in the case of illness or other special cause to be specified in the order, in which case the subsistence money may be increased to an amount not exceeding eight annas a day, during the continuance of such illness or other special cause.

Fourth.—The money so deposited shall be employed for the subsistence of the prisoner.

Fifth.—The amount spent in providing subsistence for a prisoner detained upon mesne process shall be costs in the cause.

Sixth.—The amount spent in providing subsistence for a prisoner detained in execution shall be added to the amount of the Judgment, and the prisoner shall be liable to be detained in execution for the amount, in the same manner as if such amount had been included in the Judgment and Writ of execution.

Seventh.—The amount spent in providing subsistence for any person detained under any such Writ of attachment as aforesaid, shall be deemed part of the demand in respect of which the attachment was issued, and shall subject the prisoner to the same liability as if the attachment had been issued for the non-payment thereof to the person making the deposit.

Eighth.—All money deposited as aforesaid which shall not have been spent at the time of the prisoner's discharge from custody, shall be returned to the person who made the deposit.

XII. Any order of the Court or of a Judge for the discharge of a prisoner under the provisions of this Act, shall be a sufficient authority to the Sheriff and Gaoler for such discharge, so far as concerns the action or suit to which such order relates; provided that when an order shall be made for the discharge of a prisoner upon his entering a common appearance, such discharge shall not be made until a certificate shall be produced to the keeper of the prison from the Officer of the Court with whom appearances are entered, to the effect that an appearance has been entered according to the terms of the order.

XIII. It shall be the duty of the Sheriff and of the keeper of every prison in which any person shall be confined under any such process as above-mentioned, to report to the Court out of which the process issued, the name of every prisoner confined under such process who shall appear to be unable to maintain himself in prison, and it shall be lawful for the Court or a Judge upon any such report to cause the prisoner to be forthwith brought before them, or to make such other order as may seem fit, and the Sheriff shall be bound to serve any rule or order made under this Act which the Court or Judge shall order him to serve.

XIV. Any rule or order made in pursuance of the provisions of this Act shall be a sufficient justification for any Sheriff, Gaoler or other Officer for any act which he may do in pursuance thereof.

XV. In the construction of this Act, the word "Affidavit" and the word "Oath" shall include affirmation in cases where "Affirmation" is allowed instead of an oath, and unless there is anything in the context repugnant to such a construction; words in the singular number shall include the plural, and words in the masculine gender shall include females.

XVI. Nothing in this Act is intended to alter or affect any rule in force in any of the said Courts not inconsistent herewith or any of the provisions of the Act in force for consolidating and amending the law relating to Insolvent Debtors in India.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 12th day of November next.

[TRANSLATION.]

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon, &c. &c. &c.

MY LORD,

I HAVE the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britannic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,
(Sd.) A. WALEWSKI.

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon, &c. &c. &c.

MY LORD,

I HAVE the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britannic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea, in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6
   Total Elevation, (7) 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.

3. The Arc of the Circle, illuminated by this Light, is 200 degrees from East to West, Southerly, whence it follows that ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.

4. Bearing S. 15° E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.

5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the sets of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

The small Island of Fraile,	S.	15°	E.
Point, Limbones,	South,		
Island of Carabao,	S.	3°	W.
Point of Fuegos,	S.	12°	W.
Small Island of Fortun,	S.	21°	W.
Southern Point of Corregidor in one with the flat-topped rock of Monja,	N.	63°	W.

REMARKS.

All the foregoing bearings are true bearings, and the few Minutes of Easterly variation of the Needle that exist on this Coast, are very insignificant.

MANILA, 18th *January* 1853.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo es un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajio peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4°. orden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de acercarse la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1°. Elevacion del terreno sobre el nivel del mar en pies de Burgos, ... 444
   Elevacion del fanal sobre el terreno en su pedestal, ... 6
   Elevacion total, ... 450

2°. La fuerza de refulgencia de la luz de este faro solo es de 9 millas segun Mr. Lepaute.

3°. El arco de circulo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste drando frente al Sur, resultando por tanto que los buques llegarán á perder de vistal a luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la inmediacion del fondeadero de la ciudad de Manila frente al rio.

4°. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas el fanal pequeno servirá tambien para promediar en noches oscuras distancia con seguridad.

5°. Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; pero es mejor promediarla resguardo de la mucha fuerza que suelen tener las corrientes de mar.

ARRUMBAMIENTOS O MARCACIONES TOMADAS DESDE EL FANAL PEQUENO DE PULO CABALLO A VARIOS PUNTOS NOTABLES HACIA INTERIOR Y FUERA DE BAHIA.

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon,

&c. &c. &c.

MY LORD,

I HAVE the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the [illegible] of His Imperial Majesty [illegible] Her Britannic Majesty [illegible], as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,

LIGHT OF THE 4th ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6
   Total Elevation, (7)..... 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.
3. The Arc of the Circle [illegible] this Light is 200 degrees from East to West, Southerly, [illegible]ence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.

Bearing S. 15° E. from Pulo Caballo is the small Island of Fraile at ¾ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.

4. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo es un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajio peligroso, que no da paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4.° órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de encontrar la isla del Corregidor y Pulo Caballo.

2.° La fuerza de refulgencia de la luz de este faro solo es de 9 millas segun Mr. Lepaute.

3.° El arco de círculo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste dando frente al Sur, resultando por tanto que los buques llegarán á perder de vista la luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la inmediacion del fondadero de la ciudad de Manilla frente al rio.

4.° Al S. 15 E. de Pulo Caballo está el islote Fraile á ¾ millas, y el fanal pequeño servirá tambien para proveeder en noches oscuras la distancia con seguridad.

5.° Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; para es tejor prevenirse en resguardo de la mucha fuerza que suelen tener las corrientes de marea.

5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ¼ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

4. Al S. 15° E. de Pulo Caballo está el Islote Fraile á 2½ millas, y el fanal pequeño servirá tambien para promediar en noches oscuras la distancia con seguridad.

No. 701 *of* 1853.—The Most Noble the Governor General of India in Council is pleased to direct that the following paragraph of Military letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 80, dated the 13th July 1853, be published in General Orders:—

Letter dated 22nd March 1853, No. 62.

Advert to para. 141 of No. 127 of 1849, and solicit instructions whether the Command of the Sappers and Miners having been declared incompatible with the appointment of Field Engineer, the Adjutancy should or should not in like manner be declared incompatible with the appointment of Assistant Field Engineer, and whether Brevet rank can be considered as giving a regimental Subaltern a claim to a Field Engineership.

"Para. 4.—In reply to these inquiries, we have to apprise you that the Adjutancy of the Corps of Sappers and Miners should be declared incompatible with the appointment of Assistant Field Engineer, and that Brevet Captains, like other Subalterns of Engineers are ineligible to the appointment of Field Engineer, and can only be so employed in the grade of Assistant Field Engineer, agreeably to the regulations of the Service."

The foregoing rule is declared applicable to the three Presidencies.

No. 702 *of* 1853.—The Most Noble the Governor General of India in Council is pleased to direct, that the following paragraphs of Military Letter from the Honorable the Court of Directors to the Governor of the Presidency of Fort William in Bengal, No. 80, dated 13th July 1853, be published for general information:—

Letter dated 21st March 1853, No. 61.

Submit papers relative to free discharges of Soldiers, and to their passage to Europe. In the case of Private Cotton, Her Majesty's 96th Regiment, who has served 12 years, with two distinguishing marks, application has been made for a free discharge for the purpose of returning to England, he being willing to pay his own expenses rather than wait till the Invalids of next season are sent home.

Para. 2.—We have lately apprised the Government of Bombay, in reply to their inquiry whether Soldiers who purchase or obtain free discharge under recent Regulations are entitled to free passage to England, "that soldiers who purchase their discharge are not entitled to passage to Europe at the public expense; but that those who obtain a free discharge are entitled to a free passage provided they enlisted in Europe."* Under this rule Private Cotton was entitled to a free passage to this country.

* Military Letter dated 29th June 1843, No. 44, Para. 5, to the Government of Bombay.

3. The Circular dated Horse-Guards 8th December 1852, is applicable to Her Majesty's troops serving in India. By it soldiers entitled to free discharges, who wish to avail themselves of that indulgence and to return home, are not to be finally discharged in India, but are to be sent to the United Kingdom when opportunities offer, and be finally discharged on their arrival. As they are to be under Military discipline during the voyage, they must generally be sent with detachments of Invalids, and be placed under the orders of the Officers in Command. In special cases, when the Commander-in-Chief may deem a soldier worthy of the indulgence and recommend him for it, we are not aware of any objection to his being allowed to proceed separately, and to his being granted for this purpose the amount of passage money which would be incurred if he remained in India to proceed with the Invalids, the average cost of passage-money in that season being allowed him for that purpose.

No. 704 *of* 1853.---The Most Noble the Governor General is pleased to make the following appointment :—

First Lieutenant E. Bowles, of Her Majesty's 60th Rifles, to be an Aide-de-Camp on His Lordship's Personal Staff.

R. J. H. Birch, *Lieut.-Colonel,*
Offg. Secy. to the Govt. of India, Mily. Dept.
